

PERSHING COUNTY BUILDING DEPARTMENT BUILDING GUIDE

Single Family Residential Patio Covers & Carports

Building Guide

Directions

1. Complete this guide by filling in the blanks with dimension and materials which will be used to build the structure. Please print legibly.
2. Indicate in the check boxes which details from page 2 will be used. Please note if any of the sides of your carport addition are closer than 3'-0" to the property line, then the side of the carport must be enclosed with a solid 1-hour, fire-rated wall as shown in Alternate Details B & C. You must, however, keep at least two sides of the carport open to conform to the building code requirements. A zoning variance may be required.
3. Fill out a building application form and attached these construction details.
